

# Puddles and the Christmas Play Board Game

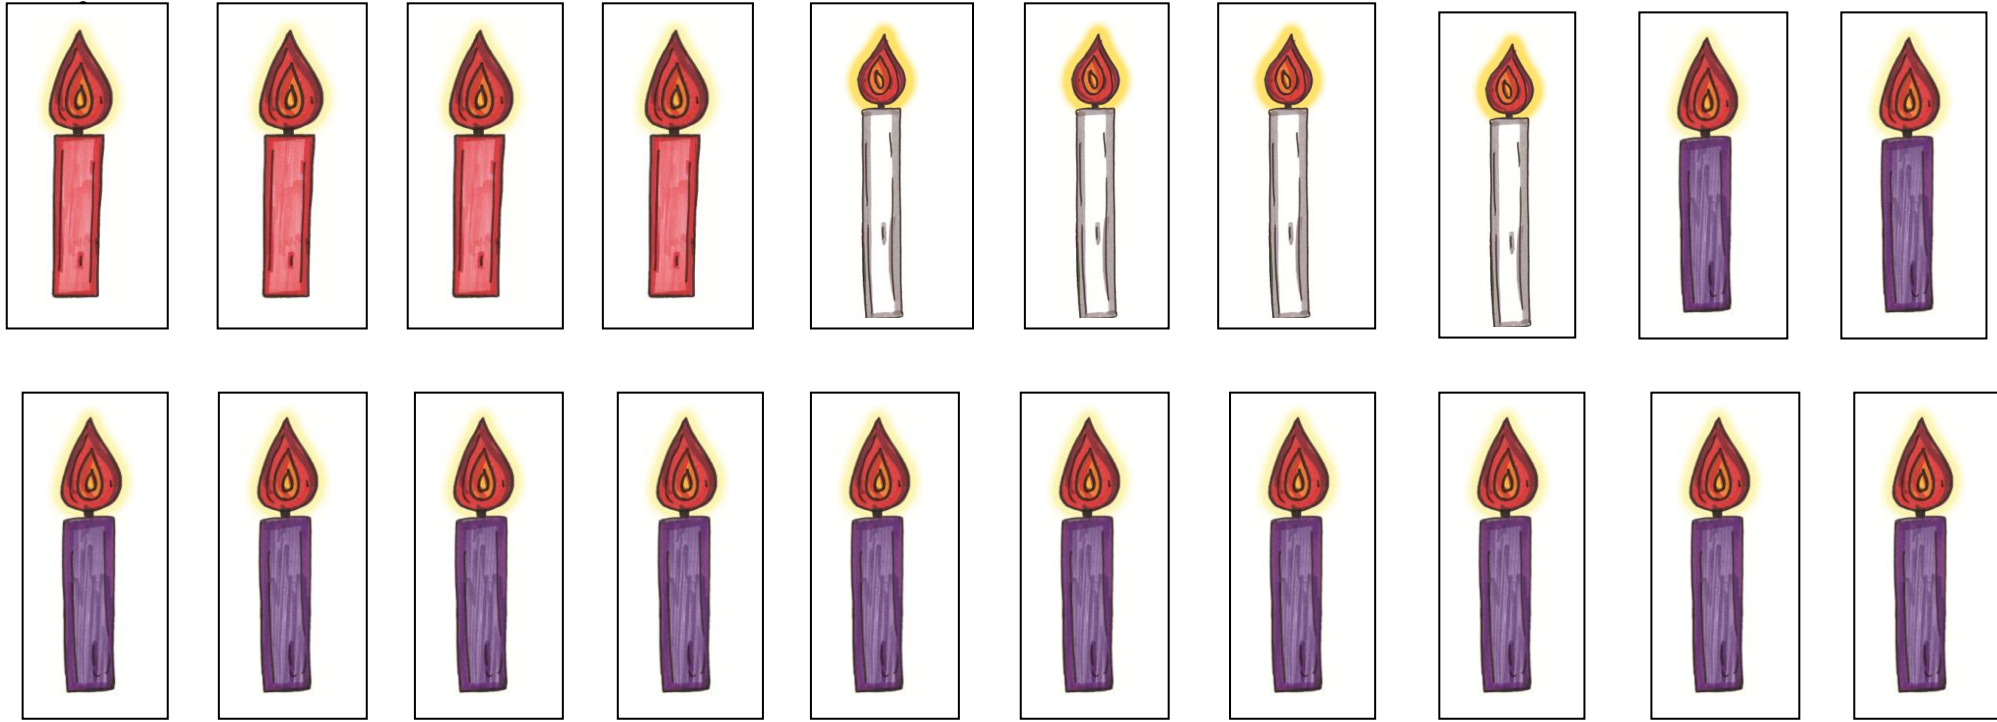

Using counters and a die, players count their way around the board and if they land on a candle they can claim one to add to their Advent wreath. When all players reach number 25 or beyond, any player with the correct candles (3 purple, 1 pink and 1 white) wins the game and can swop their candles for ones that are lit.

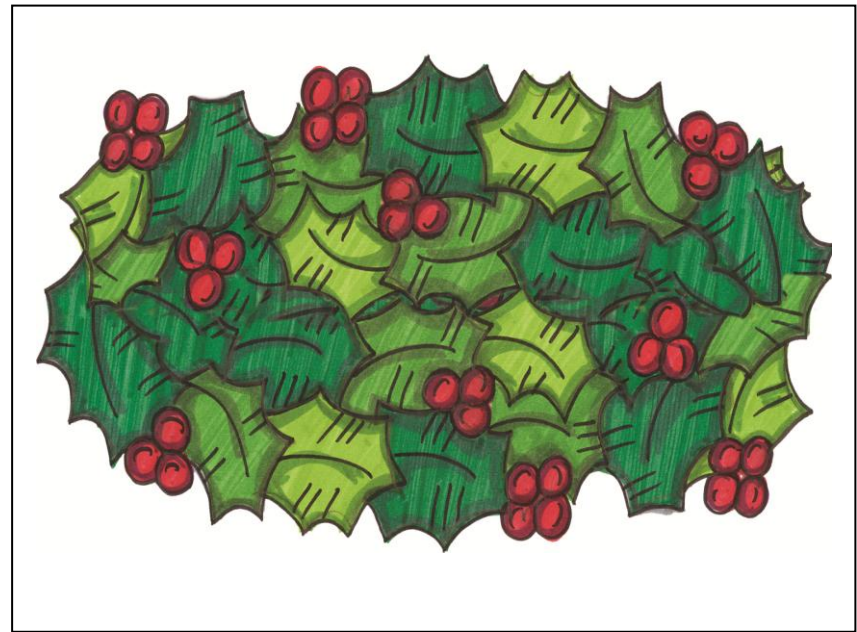

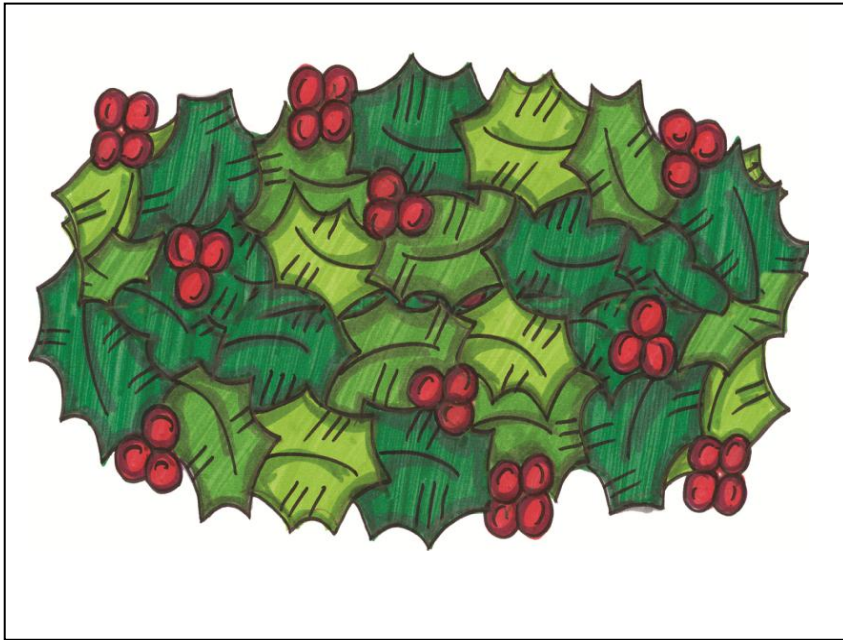

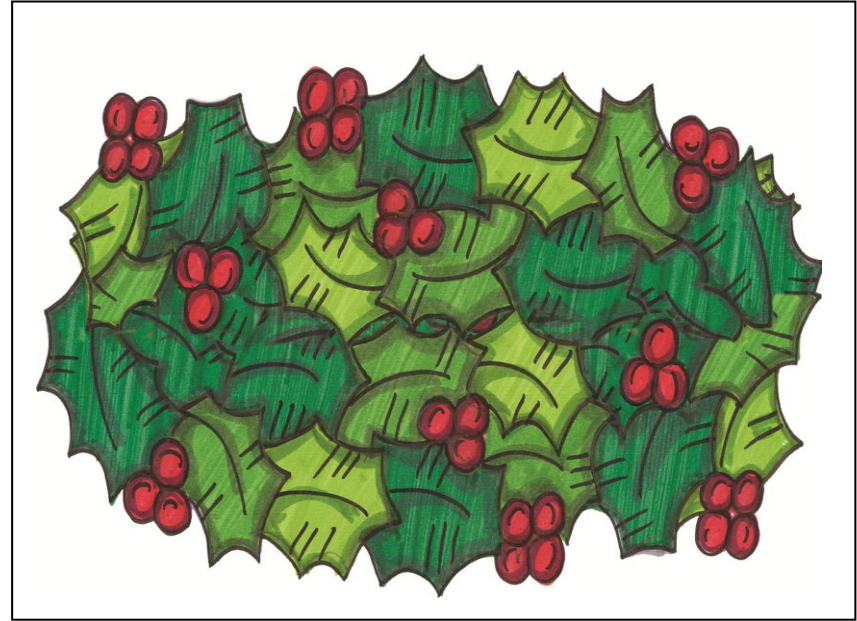

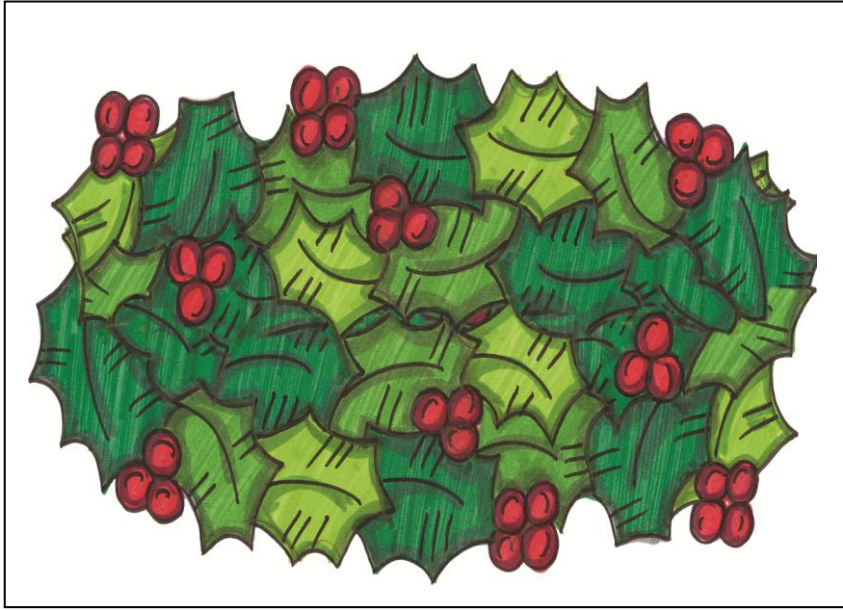

## Candles to collect

Swop for lit candles when you win the game

Wreaths for each player

Count your way to Christmas, collecting candles for your Advent wreath.
